Dear Sir / Madam

Notification of Council Decision – Proposal to Discontinue Ysgol Clydau

I write to inform you that at its meeting on Monday 15th June 2026, Pembrokeshire County Council considered and approved the following published proposal:

- i. To authorise the Director of Education to publish a Decision Letter confirming the discontinuation of Ysgol Clydau

The proposal will come into effect on 31st August 2026 with pupils transferring to Ysgol Bro Preseli (the new catchment school for the Ysgol Clydau area) from 1st September 2026.

Prior to reaching its decision, the Council took account of the comments received as part of statutory consultation and the 126 objections that were received following the publication of the Statutory Notice. Furthermore, the Council were satisfied that the proposal will address the key issues identified in the case for change.

The Objection Report for the above proposal is available to view on Pembrokeshire County Councils website by following the link below

[Proposal for the discontinuation of Ysgol Clydau - Pembrokeshire County Council](#)

We welcome correspondence in Welsh and English, and will respond within a maximum of 15 working days. We will respond in the language in which the correspondence is received (unless you ask us to do otherwise). / Rydym yn croesawu gohebiaeth yn Gymraeg a Saesneg a byddwn yn ymateb cyn pen 15 diwrnod gwaith fan bellaf. Byddwn yn ymateb yn yr un iaith â'r ohebiaeth a dderbyniwyd (oni bai eich bod yn gofyn i ni wneud yn wahanol).

For a copy in large print, easy-read, Braille, audio, or an alternative language, please contact Pembrokeshire County Council on the number above. / Os am gopi mewn print mawr, fformat hawdd ei ddarllen, Braille, sain neu mewn iaith arall, cysylltwch â Chyngor Sir Penfro ar y rhif uchod.

In determining the proposal, the Council considered the following factors as outlined in the School Organisation Code (2018):

Quality and Standards of Education

The Council believes that the proposal would ensure that the standards and progress of pupils would continue to improve due to greater opportunities to develop the progression of groups of learners and skills in a 3-19 setting. Estyn's opinion is that the proposal is likely to at least maintain the current standards of education in the area and therefore the Council is satisfied that the implementation of this proposal would not have a negative impact on standards and progress overall.

Need for places and the impact on the accessibility of schools

The Council notes significant surplus capacity and declining pupil numbers, alongside established patterns of parental preference for alternative schools. Suitable provision is available within reasonable travelling distance, and eligible pupils will receive free transport. The Council therefore considers that access to education will remain appropriate and reasonable.

Resourcing of education

The Council has concluded that the school operates at a comparatively high cost per pupil and that continuing provision with low pupil numbers represents an inefficient use of resources. Notwithstanding increased transport costs, the proposal enables more effective deployment of resources and supports the long-term financial sustainability of education provision across the authority.

Specific factors in the consideration of school closures

Whilst implementation of the decision will lead to the closure of Ysgol Clydau, the Council has considered the specific factors relevant to school closures, including community impact, availability of alternative provision and transport. These were all documented as part of the Consultation process. While acknowledging identified impacts, particularly in relation to community and travel, the Council concludes that these do not outweigh the educational and strategic benefits of the proposal.

Presumption against the closure of rural schools

Ysgol Clydau has been designated as a rural school in the School Organisation Code (2018) and therefore the proposal has been developed and considered with due regard to the presumption against the closure of rural schools, as set out in the School Organisation Code. In reaching its position, the Council carefully considered: the impact on quality and standards in education; the need for places and the impact on accessibility of schools; resourcing and other financial implications; other general factors, and specific factors relating to alternative options. It also considered: community impacts, including the impact of the proposal on the Welsh Language in the community and within the educational settings; Equality impacts, and the effect of different travelling arrangements.

it concludes that, on balance, the case for change outweighs the presumption, and that the proposal represents a necessary and proportionate response to the challenges identified.

Yours faithfully

A handwritten signature in cursive script, reading "Steven Richards-Downes".

Steven Richards-Downes
