Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

The premises is an established retail business that already operates age-restriction controls for vaping products, including Challenge 25, a refusals register, CCTV across the sales floor and documented staff training. The same systems, staff and records will apply to the sale of alcohol. The application is for off-sales only, with no consumption at the premises and no regulated entertainment. The steps set out below reflect the applicant's existing operating practice and are offered as conditions.

b) The prevention of crime and disorder

1. A CCTV system shall be installed and maintained covering the sales floor, including the alcohol display and all points of sale. The system shall record whenever the premises are open to the public and recordings shall be retained for 31 days. Recordings shall be made available to a police officer or authorised officer of the licensing authority on request, subject to data protection law. A member of staff able to operate the system and provide footage shall be present whenever the premises are open.
2. A refusals register shall be maintained, recording the date, time, member of staff, item refused and reason for refusal. The register shall be retained for 12 months and made available for inspection by a police officer or authorised officer of the licensing authority on request.

c) Public safety

No additional steps are offered. The premises is an existing small retail shop with no change of use, no increase in capacity, no consumption of alcohol on the premises and no regulated entertainment. Public safety is managed through the premises fire risk assessment and existing health and safety obligations.

d) The prevention of public nuisance

No additional steps are offered. The premises will supply alcohol for consumption off the premises only. There is no regulated entertainment, no late night refreshment, no external area under the control of the applicant and no amplified sound audible outside the premises. Deliveries and waste collection take place during normal business hours.

e) The protection of children from harm

3. A Challenge 25 policy shall be operated at all times, with signage displayed at the entrance to the premises and at each point of sale.
4. The only forms of identification accepted shall be a passport, a photocard driving licence, a proof of age card bearing the PASS hologram, or a Ministry of Defence identity card, unless otherwise agreed in writing with the licensing authority.
5. Every member of staff permitted to sell alcohol shall be authorised in writing by a personal licence holder. Records of those authorisations shall be kept at the premises and made available for inspection on request.
6. All staff engaged in the sale of alcohol shall receive training on age-restricted sales on induction and refresher training at least every 12 months. Training records shall be kept at the

premises for 12 months and made available for inspection on request.

7. Alcohol shall be displayed within the area of the sales floor covered by CCTV and shall not be displayed in any area not directly observable from the sales counter.

Right to work/immigration status

A personal licence may not be issued to an individual or an individual in a partnership which is not a limited liability partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any personal licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have the right to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensing activity. They do this in one of two ways:

- 1) by providing with this application copies or scanned copies of the documents which an applicant may provide to demonstrate their entitlement to work in the UK (which do not need to be certified) that are published on GOV.UK and in [guidance issued under section 182 of the Licensing Act 2003](#).
- 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
